

Camping Options

Penn-York Camp has several options for families, youth groups, or friends looking for a nice place to spend a couple nights camping. Whether you are looking to cook your meals over a fire, or be a little closer to modern facilities, we have camping options for you.

Explorer Camp

Location - Back in the woods about a quarter mile from the main campus.

Accessibility - This campsite can be accessed via a farming field road. A vehicle trying to drive this will not need four wheel drive, but will need a decent amount of suspension.

- Three raised Adirondack style lean-to's (will comfortably sleep 12 people/lean-to)
- Lots of shade
- Two fire rings
- Two picnic tables
- Ball field
- Two separate latrines (secluded in two separate wooded areas)
- A dark area of camp at night (great for star gazing)

Tent Camping

We allow people to camp in tents almost anywhere on campus.

Our most popular and beautiful tent sites are located at on the RV Loop, pond, and explorer camp.

R.V. Camping

We have an RV Loop located behind our Pinewood Cabins. For more information on RV camping at PYC, please visit our website.
